

An Introduction to the Short-term Project

3. Short-term cultural experience and professional training programs

1) Short-term project of the culture experience in Chinese language

Group participants are accepted based on the needs of the foreign institutions, friendly organizations; **intermediaries, and individuals**, specifically offering the short-term class on purpose of a better understanding of the Chinese culture, humanities and the natural landscapes, for a period of 2 -10 weeks. Individually designed classes and expedition route can be started at any agreed time upon various demands. The project includes the two parts of language experience and Culture practice and research.

(1) Language and Culture Experience Program

Mainly based on the Chinese speaking and listening, and also the lectures of Chinese history, Chinese culture, Chinese business environment are offered in languages of Chinese (or English, Thai, Vietnamese), and based on the orientation of student interests, the supplementary classes of tai chi, Chinese folk, musical instruments, folk dance, Chinese painting, calligraphy, Chinese tea and Chinese medicine experience can be incorporated in the curriculums.

(2) Cultural Research and Practice

- The evolution discovery in Yunnan: travel through the pulse of the Qinghai-Tibet Plateau to the south, to sense the marvelous snow-covered scenery and cultural diversity in nations.
- Magical travel experience in Yunnan: travel across the Oriental Grand Canyon, enjoy the hot springs and the sightseeing of the volcano.
- Fan trip in Yunnan: explore the tropical rain forests, have a close contact with wild animals, and travel around the ethnic-minority villages.
- A leisure trip in Kunming: travel around the city of Kunming and surrounding historical and cultural attractions, enjoy the countryside views and experience the urban leisure life.

The expedition route can be “tailor-made” for the specific needs of the client organizations and students.

2. Professional training project

Entrusted to the domestic and international governmental organizations, universities and institutions, the designed class of international training objects (Technology, engineering, management, economics and other professional trainings and internships can be started at any agreed time for the training of group participants.

Note: As of now the short-term cultural experience and professional training programs only accept group registration, if you need help for the student visa, applicants are required to provide a completed application form and a copy of passport.

3. Project Fees

The Short-term projects include the fees of tuition, accommodation, insurance, registration, management, cultural activities, books, student card processing fee, bedding, visa etc..

Related fees are to be charged according to the actual expenses of each period.
